**Jot it Down with Jodi**

I want to take a moment to thank you ALL for your patience with everything going on at our office. Between construction, opening a new office, and traveling, you have been flexible, kind, and understanding. Proving again that we have the best patients around town!

Opening the office in Upper Sandusky has been wonderful, but not without it's challenges so we appreciate you continuing to be patient as we strive to be our best selves for you.

I am always striving to be a better provider and business owner which is why we built a Bluetooth room in our Findlay office! I can't wait to show you the amazing features that Bluetooth offers and how it can better enhance your environment! You can read more about it on page 3.

## Worried About Home Fires?

For those who are deaf or hard of hearing, home fires can be even more scary because you may not hear the smoke alarm when it first goes off. The Findlay Fire Department is ready to help! They are willing to give and install this special alarm system for FREE to anyone who needs it. If this is you or someone you love, give Fire Inspector Eric Wilkins a call at 419-424-7814 or email him at [jwilkins@findlayohio.gov](mailto:jwilkins@findlayohio.gov) to get more information.

## Courtney's Corner

We have had a successful open of the office in Upper Sandusky! It's been great to be serving my hometown community again. I see patients in Upper on Tuesdays and Thursdays 9am-4pm. Thank you for the warm welcome back! We will have our official Grand Opening in May and we hope to see you all there! Jodi and I had the opportunity to travel to New York with Signia for the launch of their new product at the end of February. We both strive to stay up-to-date on the latest technology available from the manufacturers. We are excited for all of the new advancements! Looking forward to seeing you in Upper or Findlay soon!

## We work with the big six!

(Even if you didn't get them from us)

Have you checked out our website recently?

## Our New Experience Room!

If you have been in our office recently, you might have caught yourself wondering, why would they put a wall in the middle of their office? Welcome to our Experience Room!

In this space you can use our TV streamers in a comfortable environment while experiencing the possibilities of Bluetooth technologies. TV Streamers can be a game changer for those who still struggle hearing the television.

Call our Findlay office to set up your very own demonstration and see how easy they are to use!

## FREE Moisture Removal

with our in office Redux machine  
Get *crystal clear clarity* once again!

expires 8/28/25

## Kicking it with Kristen

Hey everyone, Happy Spring! I have a 3-year-old son and a 1-year-old daughter now. We have adjusted well to being a family of 4. We love to be outdoors and go on fun adventures. We are excited for summer to go swimming, play at the park, hang out on the boat, and go on our annual family vacation.

If you have any questions regarding insurance plans, benefits or hearing aid questions in general, I would be happy to help answer those for you! I look forward to seeing you all at your 6-month clean and check!

## Sound Muffled?

As Spring and Summer approach, so do things like sweat, rain, and humidity. If you feel as though your hearing devices aren't working as well as they did, it could just be moisture! We have a machine in the office that can suck the moisture out, often times leaving you with clear sound again. This can even work on devices such as Air Pods: just ask Jodi! Use the coupon below to try it out for yourself!

## A Moment with Maddie

Hi! I'm Maddie! This winter season has been busy. We started off strong with the opening of the Upper Sandusky office and successfully made it through the busy holidays. With the new office, comes a new face and I can't wait to meet you all. A little bit about me; I have a three-year-old daughter and had my son in July of 2024. Growing my family has been an exciting adventure full of ups and downs. We are looking forward to warmer weather on the boat and at the park. To keep ourselves busy this winter, we have spent time playing my daughters favorite game memory, baking lots of cookies, and coloring. If you have any questions or would like to schedule an appointment in our Upper Sandusky office I would love to help!

## Try this Heart Healthy Recipe!

### Ingredients

- 2 small spaghetti squash
- 1 cup small-curd cottage cheese
- 1/4 cup grated Romano cheese
- Salt and pepper
- 8 oz. frozen broccoli
- 3/4 cup low-sodium marinara sauce
- 3 oz. part-skim mozzarella, grated

### Directions:

- 1) Using a large serrated knife, cut the spaghetti squash in half lengthwise. Use a spoon to scrape out and discard the seeds.
- 2) Place all 4 squash halves, cut side down, on a large piece of parchment paper in the microwave. Cook on high power until just tender, 9 to 11 minutes.
- 3) Meanwhile, heat broiler and lower the rack to the middle position of the oven. In a bowl, combine the cottage cheese, Romano and 1/2 tsp pepper; fold in the broccoli.
- 4) Season the squash halves with 1/2 tsp each salt and pepper, then use a fork to scrape up most of the squash strands, leaving them in the squash. Divide the cheese mixture among the squash and top with the sauce, then the mozzarella. Broil until the filling is heated through and the top is golden brown, 2 to 3 minutes.
